EdgeTech Consulting Recognized by Inc. Magazine for Second Consecutive Year

IT Contract Staffing Continues to Thrive

Irvine, California – November 12, 2008 – EdgeTech Consulting Inc. is proud to announce that it has been recognized for the second year in a row in the list of Inc. Magazine's 5000 fastest growing private companies in the U.S.

EdgeTech's growth increase of 157.6% over three years ranks EdgeTech in the top one-half percent (0.5%) of an elite, entrepreneurial group of nearly 7 million companies in the U.S. Less than half of the companies who made the list in 2007 are on the Inc. 5000 list again in 2008. Founded in 2000, EdgeTech Consulting, Inc. is a global Information Technology staffing and consulting firm, headquartered in Irvine, California. EdgeTech specializes in providing highly skilled Information Technology professionals and innovative solutions to Fortune 1000 businesses and various governmental agencies.

The Inc. 5000 List attests to EdgeTech's continued focus on delivering results – matching quality IT professionals with the skill sets needed at client sites. EdgeTech Founder and CEO, Steve Norris comments: "We provide a high touch service to our clients. Our passion for putting the right people with the right assignments, along with our strong client relationships, sets us apart. Despite softness in the economy, our client companies have specific needs. The fact that EdgeTech consistently delivers high quality people and service continues to make us a vendor of choice."

Patrick Norris, EdgeTech COO, a former IT consultant himself, is proud of the growth EdgeTech has seen in the last year, "It is an honor to be recognized once again by Inc. Magazine. We have worked hard to establish a reputation for delivering quality candidates that are the right fit for the job and our high standards and integrity set us apart. We have won some serious contracts in the last twelve months, including the Federal government's US Navy SeaPort Enhanced (SeaPort-e) Contract. We are proud of our team and our accomplishments."
